Diversity, Equity, and Inclusion

Our aim for the GAC is to create a platform that not only celebrates transatlantic exchange but also promotes understanding, acceptance, and equal representation for all, fostering a culture of gender equity, LGBTQIA+ inclusion, and diversity. We especially consider applicants from underrepresented groups and with limited financial resources. By amplifying underrepresented voices, we can enrich our transatlantic community and build a more equitable future together. We track representation, holding ourselves accountable to create an environment where all people feel confident to bring their authentic selves to our conference.

We want to thank the Heinrich Böll Foundation, Washington D.C. for their generous financial support that makes this GAC Scholarship possible.
